1. Pick a card - you can play individually or in teams.
2. Each time you spot an item on your card, cross this off.
3. You can play for fun or award a prize each time you cross off a line, and for the overall winner.
4. If you get a full house then BINGO, you are the winner!
5. If nobody completes their card, then the winner is the player with the most boxes crossed off.

Enjoy the game!
